

**HARRISBURG JUNIOR HIGH SCHOOL GIRLS** model graduation dresses. Each year girls of the Harrisburg Junior high school graduating class make their graduation dresses as a home economics project. The home economics instructor selects a pattern and material so all dresses will be alike. The material chosen for this year is white pique, Miss Barbara Thompson, instructor, stated. All junior high school girls must take home ec, the seventh grade girls taking cooking and the eighth grade girls enrolling in sewing. The two girls first in completing their dresses, pictured with their instructor, Miss Thompson, are Miss Mary Oze, left, and Miss Charlene Boone, right. (Daily Register Photo)

## Question of County Clerk Salary Turned Over to Bonding Company After Report by Auditing Firm

**Board Approves  
Motion to Set Up  
Accounting System**

The Saline County Board of Supervisors yesterday voted to lay the salary payments of County Clerk Don B. Garrison in the lap of his bonding company.

The action came after Robert L. Coker of the Peoria auditing firm, Coker and Coker, gave his report on the regular county audit for the 1955 fiscal year to the board.

After he had taken up his reports on the condition of all offices, one by one, he returned to the subject of the county clerk, and said that on the basis of audits, Garrison had received in salary a total of \$9,726.50 more from 1952 to the present date than had been appropriated by the board for his salary.

In 1952, he said, the amount above the appropriation was \$1,032; in 1953 it was \$1,656.50; in 1954 it was \$2,492.50 and in 1955 the amount was \$2,248, making a total of \$7,429.50 for the period up to

Dec. 1, 1955, the time the present audit ended.

### Resolution Submitted

He said that Garrison so far this year had received in salary \$5,045 out of an appropriation of \$5,500 for the entire year ending Dec. 1. Through May, Coker stated, a total of \$2,748 should have been drawn, according to the appropriation, making the total above the appropriations since 1952 \$9,726.50.

After his report on the clerk's salary, A. K. Gates, member from Cottage township, submitted a resolution directing the chairman of the board, the auditing firm and the state's attorney to apply to the bonding company to collect the \$9,726.50 above the appropriated amounts.

Members and others present expressed the opinion that when the bonding company gets the notification, it will make an independent audit of the clerk's books.

Garrison, who is in the veterans' hospital at Marion, was represented at the county board meeting by Atty. Ralph W. Choiser, who asked Coker if there had ever been reports made of the salary sums above the appropriations in previous years.

### Call for Accounting System

Coker replied that they were contained in the yearly audit reports compiled by his firm but had not been brought up by the board.

After the Gates resolution was passed without any dissenting vote, a motion presented by William Alfred Smith, Galatia, calling for Coker and Coker to set up an accounting system for all elected officials.

## Issue Two Oil Drilling Permits

Two oil and gas well drilling permits were issued May 14 at Springfield for Saline county tests, it was announced today.

A permit was granted to Paul Rossi of Evansville for the Greta Gregg No. 1, NE 1/4 SW 1/4, 4-8-6 (Raleigh township) and to the Skiles Oil Corp. of Mt. Carmel for the W. F. Johnson No. 1, NW 1/4 SW 1/4, 20-9-7e (Cottage).

**HONOR DOCTOR**—Dr. Elbridge W. Telford, right, 54, of De Kalb, Ill., is awarded a certificate honoring him as "General Practitioner of Illinois for 1956," by Dr. F. Garm Norbury, left, of Jacksonville, president of the Illinois Medical Society, as Mrs. Telford looks on. The award was made at a Chicago meeting of the society. (NEA Telephoto)

## See Legal Fight Over Ruling On Jobless Pay

**Attorney General  
Says Supplemental Pay  
Will Not Halt Benefits**

SPRINGFIELD — A legal battle was promised today over an attorney general ruling that Illinois workers may receive state unemployment compensation at the same time they are getting "supplemental" jobless benefits from their employers.

Atty. Gen. Latham Castle ruled Thursday that such payments are legal.

The Illinois Manufacturers Assn. promptly announced it was "surprised and disappointed" at the ruling and would "take every possible legal step to prevent this unfair ruling from becoming effective."

IMA Executive Vice President James L. Donnelly said IMA lawyers believed Castle's ruling was "directly and clearly in conflict with the provisions of the Illinois Unemployment Compensation Law."

Castle issued his opinion for State Labor Department Director Roy F. Cummins. The question of legality of such "double" payments was raised after the employer - paid supplemental unemployment benefits were included in auto industry union contracts.

Castle's ruling apparently cleared the way for unions in other industries to seek similar plans in their contracts.

### Other Similar Rulings

Castle ruled that the supplemental benefits paid by employers are not wages and therefore do not make a person ineligible for state unemployment compensation and do not have to be deducted from state unemployment pay.

He held that no provision of the state unemployment compensation law can be "taken as indicative of any legislative intent or purpose to forbid an employer from gratuitously extending additional aid to personnel in a period of unemployment."

It is immaterial, Castle held, if such additional aid is provided for in a contract.

Ford Motor Co., and the Illinois AFL-CIO asked Cummins to request the opinion.

Ford and General Motors Corp., both have contracts with their workers providing for the supplemental jobless pay plans to take effect June 1.

The State Labor Department estimated about 100,000 Illinois workers are covered by contracts that contain the supplemental unemployment pay plan, including some in the farm equipment industry.

Included are about 8,500 Ford employees, 10,000 General Motors employees and 4,500 Allis-Chalmers Manufacturing Co. employees.

Seven other states have made rulings similar to Castle's.

Maximum state unemployment compensation is \$40 a week for 26 weeks for a worker with four children.

## Unions Charge Each Other in Complaints At Du Quoin Plant

ST. LOUIS — An investigation is being made of a charge of unfair labor practice filed by one union against another union and a company that recently opened a plant at Du Quoin, Ill.

International Brotherhood of Electrical Workers Local 702 of West Frankfort, Ill., filed the charge against the International Association of Machinists and the P. R. Mallory Co.

The National Labor Relations Board office at St. Louis is investigating the charge.

The electrical workers claim the machinists coerced the employees to join the IAM. They also claim the company threatened to discharge workers who did not support the IAM. They charge further the company negotiated with the machinists when the electrical workers sought to represent Mallory employees.

A Mallory spokesman said he understood 94 per cent of the Du Quoin plant workers signed with the machinists. He said the IAM asked for recognition as bargaining agent and the company was ready to negotiate a labor contract with the union.

After the electrical workers sought to represent the workers, he said, the company agreed to hold an election to determine the bargaining agent.

He said the filing of the unfair labor charge will delay the election.

## Death Takes Charles S. Irwin, 83

Charles S. Irwin, 83, life long resident of Harrisburg, died at the Anna State hospital Thursday morning.

The body will be returned to Harrisburg by the Keathly funeral service. Funeral plans await the arrival of relatives.

# Senate Votes to Freeze Parity Prices for Year

## Convicted for Slaying Carmi Man

PRINCETON, Ind. (AP) — John Armstrong, 61, Gibson County farmer, was convicted on a manslaughter charge Thursday in the shotgun slaying of Ernest Koon, 40, Carmi, Ill., last Nov. 22.

Koon was shot in an argument at Armstrong's home north of here. The defense claimed Armstrong fired when Koon lunged at him.

Armstrong was indicted on a second degree murder charge but convicted in Gibson Circuit Court of the lesser charge. Sentencing was delayed.

## Street Program Limited to Funds Available

The city will not be able to get to all the unimproved streets this year in its oil-and-chip program because of lack of funds, Sneed Jordan, street commissioner, stated today.

However, next year the city will start out on the streets missed this summer, he pointed out.

The city will go as far with the program this summer as funds allow, he said. He has his program outlined for the money available, but added that if there is any money left when he gets through with his plans, he will go back and improve other streets.

Work is being done with city sales tax funds and streets that do not come under the motor fuel tax plan are the ones being treated with oil and chips.

"This year we are trying to get the streets that are travelled the most," Mr. Jordan stated. "I know that some people will be disappointed, and I would be, too, if I were in their shoes, but this year we will be limited by funds. I'm really sorry that some people will be disappointed."

Mr. Jordan also stated that streets that are up for paving during the next three years will not be given the oil-and-chips treatment. He explained that it would be too expensive to treat them, only to have the work torn up.

## Name VFW, Legion Committees for Memorial Program

Charles Shanks, commander of Beasley-Murray Post 3642, Veterans of Foreign Wars, has announced the VFW committee for the annual Memorial Day program in Harrisburg.

Serving on the committee with Commander Shanks will be Hollie Stout, Lyman Partain and Charles Rude.

The VFW and American Legion co-sponsor the services. Committee members from George Hart Post 167, American Legion, are Commander Merle Dailey, Norman Shewmake, Bob Hull, Ulysses Morris, Lowell Hill and Ivy Knowles.

The Memorial Day program will start with a parade from the McKinley Baptist church to Sunset Lawn cemetery.

A feature of the parade will be a Drum and Bugle Corps from Carbondale, in charge of Leonard Walker, Harrisburg man, with the National Guard unit at Carbondale.

## Timber Resources Conference at SIU May 21 by Shawnee, Research Staffs

CARBONDALE, Ill. — Nearly 35 persons, comprising the technical staffs of the Shawnee National Forest and the Carbondale U. S. Forest Research Center, will meet for a joint Timber Resources Review conference at Southern Illinois university Monday, May 21.

Selected persons will present 21 aspects of the nation's timber resources outlook, says Richard D. Lane, forester in charge of the Carbondale Research Center. Lane and L. P. Neff, Harrisburg, supervisor of the Shawnee National Forest, will be co-chairmen.

The foresters will discuss the nation's needed timber resources and ways of filling those needs during the next half century. W. G. McGinnis, Columbus, O., director of the Central States Forest Experiment stations and a representative of the Forest Service regional office in Milwaukee, Wis., are expected to participate.

Discussion topics will center around the idea that the nation must rely largely on domestic timber to meet an upward trend in potential demand because of continued expansion in the nation's population and economy. There are large timber resources but there is no excess forest land

## Spinster Accused of Embezzling Millions Gets 10 Years on First of Many Charges

NORFOLK, Va. (AP) — "Miss Minnie," a short, plump spinster who allegedly embezzled nearly \$3 million, faced new trials today on indictments carrying possible sentences totaling hundreds of years.

Miss Minnie C. Mangum, 52, was sentenced to a maximum 10 years in prison at Thursday's first trial on a relative minor charge—knowingly giving false information to Virginia's Corporation Commission about her company's financial condition.

Dabbling at her tear-filled eyes with her small white lace hanky, Miss Minnie, a Sunday school teacher, was led from the courtroom by relatives.

A million dollar embezzlement trial begins Monday on 22 counts of theft ranging from \$1,500 to \$195,000 covered during 25 years of the 25 she worked for the Commonwealth Building and Loan Assn. of Norfolk. Conviction on any of the counts could add another 10 years in prison.

And after that trial, the little old lady who had lived all her life with community respect faces trials on 14 more indictments, most with multiple charges. One charges her with stealing \$2,884,957.06.

The amazing complex of charges against Miss Minnie was filed when federal auditors discovered last December a shortage of nearly \$3 million in the reserves of the building and loan company. Miss Minnie had worked there as bookkeeper and rose to the position of a \$9,000-a-year assistant secretary-treasurer.

The state further charged that she gave away thousands of dollars of company money to friends and relatives.

Her conviction Thursday came exactly 100 minutes after the jury of six men and six women began its deliberations. It was based largely on her admitted signed statement that she had used "2 million, I think" for relatives and friends.

## Dr. Montgomery Named Delegate By State Society

CHICAGO — Dr. Lester S. Reavley, Sterling, who taught school four years before he turned to medicine, today was named president-elect of the Illinois State Medical Society.

Reavley will take office in June, 1957, to succeed Dr. F. Lee Stone of Chicago, who was installed as president at the close of the society's annual meeting today.

Reavley, 61, is a native of Springfield. He studied at Illinois State Normal University and at Valparaiso, Ind., University, and taught grade school at Riverton four years.

Reavley then entered Loyola University school of medicine, graduating in 1921. He has practiced in Sterling since 1922.

Delegates to the meeting also elected Dr. Frank H. Fowler, Chicago, first vice president; Dr. Normal L. Sheehy, Rockford, second vice president, and Dr. Harold M. Camp, Monmouth, secretary-treasurer.

Five doctors were elected to three-year terms as councilors, including Carl E. Clark, Sycamore; Joseph T. O'Neill, Ottawa; and Elwin S. Hamilton, Kankakee.

C. Paul White, Kewanee, and Curtis E. Montgomery, Harrisburg, were among five delegates chosen to the American Medical Assn. convention. Harry Mantz, Alton, and O'Neill were named alternate delegates.

In his first speech, Stone called for revision of the state's coroner system.

Stone said the medical profession should "continue to press" for a state law setting up a "coroner" system that would bring acclaim to Illinois instead of mockery.

He did not elaborate. However, there have been proposals to require coroners to have medical backgrounds and to make the office appointive instead of elective.

Thursday, photographed and returned immediately. The arrests were made shortly after the document was returned.

## Vienna Man Killed Near Champaign

CHAMPAIGN (AP) — Claude R. Phillips, 40, Vienna, was killed and two persons were critically injured when his car smashed into another auto Thursday night.

Two passengers in Phillips' car, Mr. and Mrs. Theobald Foster, both 43, Aurora, were hospitalized at Champaign. The driver of the other car, Robert Saffron, Clinton, was uninjured. The smashup occurred at the intersection of Ill. 10 and 47, nine miles west of Champaign.

## FBI Arrests Four for Theft Of Secret Paper

NEW YORK — FBI agents arrested an Air Force sergeant and three civilians Thursday for the theft and copying of a mysterious classified document from the Brooklyn Army Terminal.

The government refused to give any hints as to the nature of the document but did indicate any of the four were working for any foreign government. It was believed that the document was of commercial rather than strategic value.

Three of the men were released on bond and the fourth will be arraigned today.

The Air Force man, Staff Sgt. Harold E. Brill, 28, was charged with the actual theft of the paper from the Brooklyn Army Terminal's passenger division. Sidney M. Stern, 39, and Seymour S. Hindman, 39, both of East Orange, N. J., and Bryant E. Schreiber, 43, of Milburn, N. J., were charged with conspiring in the theft.

Stern and Hindman operate the Distinctive Emblem Corp., which makes emblems for uniforms. Schreiber is a commercial photographer.

Brill, who cooperated with federal authorities, was released in \$500 bail and Stern and Hindman were released in \$5,000 bail each after the three were arraigned Thursday.

Sources said the document was stolen Thursday, photographed and returned immediately. The arrests were made shortly after the document was returned.

## One Killed in Crash Near Fairfield

FAIRFIELD, Ill. — One man was killed and two others injured badly in a head-on collision between two cars near here today.

The dead man was Everett Spitzner, 65, of Johnsonville. Leon Van Blarcon, 28, of Noble, a state highway engineer, was riding with Spitzner and was injured critically.

The driver of the other car, Carl Myers of Carmi, believed to be in his 30s, was injured seriously.

State police said the accident happened eight miles north of Fairfield on U. S. 45 when Myers passed a truck on a hill and collided with Spitzner's car.

## Transferred Here From Chicago by Alcohol And Tobacco Tax Unit

Robert O'Neil has been transferred from the Chicago to the Harrisburg office of the Alcohol and Tobacco Tax unit, where he will work with Eugene Healey. O'Neil replaces C. B. Annis, who has been transferred to Chicago.

## All-Out Effort For Final Action On New Farm Bill

**Defeat Amendment  
To Knock Out  
Mandatory Increases**

WASHINGTON (AP) — The Senate voted 44-39 today against knocking out of the new farm bill all mandatory increases in price supports of feed grains.

It defeated an amendment proposed by Sen. John J. Williams (R-Del.).

The amendment would have stricken from the legislation all provisions for mandatory increases this year and next year for barley, grain sorghums, oats and rye.

The action cleared the way for consideration of an administration-acceptable amendment that would increase price props of feed grains 8 per cent this year and tie them with that of so-called noncompliance corn next year.

By voice vote, the Senate adopted a compromise amendment that would freeze parity prices of corn, peanuts and wheat at the present levels for another year. This will tend to bolster prices of the crops as support prices are a percentage of parity.

The Senate committee had approved a two-year freeze. The administration opposed any freeze. Under present law, parity prices of the three crops would drop again next year in a transitional plan of going from old to new parity formulas.

Earlier, the Senate voted 49-31 for an administration-backed amendment that would authorize sale of 100,000 bushels of low grade surplus wheat at livestock feed prices.

The amendment was the first to be acted upon by the Senate in an all-out effort to get a final vote on a new farm bill by nightfall.

The bill, which was a modified version of a House-approved measure, would authorize President Eisenhower's \$12 billion soil bank. It does not include, however, his controversial proposal to pay farmers in advance for taking acreage out of production.

Elsewhere in Congress:

Civil Defense: Val Peterson, civil defense administrator, told a House Government Operations subcommittee his agency needs more authority to force cities and states to prepare for a hydrogen age war.

Atomic Insurance: The National Coal Assn. urged Congress to take a long and careful look before authorizing the federal government to help private insurance companies underwrite liability risks of atomic power plants.

Taxes: New congressional talk of a tax cut developed following a Treasury forecast that the government will wind up fiscal 1957 with a \$1.8 billion surplus. However, there also were fresh warnings that this isn't the time for a tax cut. Staff experts of the joint House-Senate committee on taxation predicted a \$2.2 billion surplus for fiscal 1957.

## John Mayfield, 84, Of Eldorado, Dies

John Mayfield, 84, resident of Eldorado who for the past six years had been a patient at the White County nursing home in Carmi, died there last night at 10:50.

He was a retired miner, last working at Peabody 47 mine. He is survived by his wife, Ada Mayfield, Eldorado, and the following children: Mrs. Susie Hicks, Eldorado, William Mayfield, Eldorado, Mrs. Maggie Floyd, Eldorado, Mrs. Lucille Evett, Detroit, Mich., Mrs. Lillian Gaines, Eldorado, Thomas Mayfield, Chicago; 16 grandchildren and 22 great grandchildren.

Funeral services will be Sunday at 2 p. m. at the Bean and Tanner funeral chapel conducted by Elder Lester Ragland. Burial will be at Wolf Creek cemetery.

## The Weather

ILLINOIS: Partly cloudy tonight with scattered showers or thunderstorms probably beginning northwest and extreme north late this afternoon. Not quite so cool tonight. Saturday partly cloudy and cooler. Low tonight 50s southeast. High Saturday 65-75 south.

# The Washington Merry-Go-Round

By DREW PEARSON

DREW PEARSON Says:  
Meeting Of Pan American  
Presidents Was Inspired By  
White House; President Arian  
Of Panama Was Told To Issue  
Invitations; Pan American  
Solidarity Could Be Substi-  
tute For NATO.

WASHINGTON. — The White  
House isn't missing a trick these  
days in the field of international  
showmanship. In addition to the  
proposed visit of Marshal Zhukov  
to Washington shortly before elec-  
tions next fall, the scheduling of  
the presidents of the American  
Republics conference in Panama  
was one of the shrewdest pieces of  
international political diplomacy  
seen in some time.

It was so carefully and quietly  
worked out that not even most  
Latin American diplomats in  
Washington had any idea Presi-  
dent Eisenhower would fly to Pan-  
ama June 25 for a meeting of Pan  
American presidents.

Usually there is a lot of hem-  
ming, hawing, and diplomatic red  
tape before such a top-level meet-  
ing. But in this case only the  
president of Panama and a few  
strategists around the White  
House knew what was in the  
works.

Everything was well greased  
in advance. On May 2, the Pan  
American Union passed a resolu-  
tion commemorating the 130th an-  
niversary of the first Pan Ameri-  
can Conference called by Simon

Bolivar. It decided that Pan  
American ambassadors should  
meet in Panama June 22.  
The White House, however, had  
the presidential meeting all plan-  
ned out in advance. Approxi-  
mately 48 hours later, invitations  
were being issued by the president  
of Panama to the presidents of  
the American Republics. Presi-  
dent Arian had been told in ad-  
vance to issue the invitations and  
had been told Eisenhower would  
accept, as he did — immediately.  
The president of little Panama  
would never have invited the pre-  
sidents of such potent South Ameri-  
can nations as Brazil, Argentina  
and Chile without weeks of previ-  
ous sounding out — unless he knew  
Eisenhower was coming. But he  
also knew that if he accepted,  
every other president would ac-  
cept, too.

Asked who inspired the confer-  
ence, President Arian replied with  
a knowing smile:  
"The idea was thought up by  
Simon Bolivar in 1826."

### SUBSTITUTE FOR NATO

With NATO rapidly weakening  
and our diplomatic ship of state in  
Europe leaking at the seams, this  
writer would like to suggest that  
the Panama meeting of presidents  
might set a new landmark for  
closer cooperation between the  
United States and Latin America.

What some of our top diplomats  
haven't realized in the past is that  
every time the United States builds  
up Africa with foreign aid it hurts  
our immediate neighbors in Latin  
America.

Thus, the more coffee is pro-  
duced in Africa, the more Brazil  
and other coffee countries suffer.  
The more cocoa is produced in  
Africa, the more Ecuador suffers.  
Tropical Africa and parts of Asia  
are the big competitors of tropi-  
cal South America.

On the other hand, few areas in  
the world have such a completely  
dovetailing economy as tropical  
Latin America and industrial  
North America.

Without deserting our real  
friends in Europe, maybe we had  
better begin building up our old  
friends below the Rio Grande.

### MERRY-GO-ROUND

Richard Stengel, now running  
for the Senate in Illinois against  
GOP Sen. Everett Dirksen, is a  
cousin of Casey Stengel of the  
New York Yankees. One man  
who was glad Vice President Nixon  
was given the go-ahead sign  
by Ike for renomination is Joe  
Glazer, the political minstrel of  
Akron, Ohio. His record, "The  
Ballad of Richard Nixon," has  
been selling like hotcakes. Glaz-  
er's now branched out with re-  
cords on "The Giveaway Boys,"  
"The Dixon-Yates Song" and  
"Love That Team." Ed Bar-  
rett, new dean of the Columbia  
School of Journalism, is the man  
who pioneered more effective  
propaganda for the U. S. A. than  
anyone in recent years. Barrett  
was assistant secretary of state  
in charge of the Voice of America  
and one of the few State Depart-  
ment officials willing to permit  
this writer and the Crusade for  
Freedom to start sending balloons  
behind the Iron Curtain. Char-  
lie Willis, ex-White House aide,  
tried to persuade FCC Commis-  
sioner Rosel Hyde to get the Fire-  
stone Hour reinstated when NBC  
chucked it off in favor of Sid Cae-  
sar. Willis was pulling wires for  
his father-in-law, Harvey Fire-  
stone. Firestone, however, de-  
served consideration, for his pro-  
gram had been on the air 22 years  
with classical music. Commis-  
sioner Hyde refused to intervene  
and Willis got sore.

While President Eisenhower has  
been conscientiously holding press  
conferences once a week, and  
while Secretary of State Dulles  
holds press conferences every  
week that he is in Washington, At-  
torney General Brownell has not  
held a single press conference  
since last October.

"The attorney general will hold  
press conferences when requested  
by the press," his information  
spokesman at first alibied.  
However, repeated requests of  
Brownell's office for a press con-  
ference have got nowhere. Finally  
the information spokesman  
changed his tune.

"I guess the conference will be  
called when Mr. Brownell calls

one." is the alibi now given.  
Note — Maybe Brownell is  
afraid he will be heckled about  
using an Immigration Service air-  
plane to fly from Houston to Gov-  
ernor Shivers' ranch on a purely  
political meeting.

### ATTACKS ON CHIEF JUSTICE

There's been a significant,  
steady drumbeat of Republican  
attacks on one of the most dis-  
tinguished Republicans in the na-  
tion—Chief Justice Earl Warren.

On top of the McCarthy blast  
against the Republican who was  
elected three times governor of  
California and once was nominated  
vice president of the United  
States, Sen. Barry Goldwater of  
Arizona proceeded to attack him  
during a debate at the University  
of Virginia last week. It was left  
to a Democrat, Sen. Richard Neu-  
berger of Oregon, to come to War-  
ren's defense.

Goldwater, incidentally, is  
chairman of the Republican sena-  
torial campaign committee,  
therefore speaks with more au-  
thority than the average Republi-  
can senator.

On top of this, the biography of  
Vice President Nixon, which Nixon  
OK'd in advance, contains  
sneering and cryptic references to  
the chief justice. It was Nixon  
who deserted Warren at the Chi-  
cago GOP convention in 1952 and  
tried to steal the California dele-  
gates away from him when the  
other California senator, Bill  
Knowland, was standing pat.

Politicos are mystified regard-  
ing the motive behind these con-  
certed GOP attacks.

## State Payrolls

Show Increase,  
Hodge Reports

SPRINGFIELD — State pay-  
rolls for February were about  
9 per cent higher than for the  
same month last year, State Audi-  
tor Orville E. Hodge reported to-  
day.

The number of persons em-  
ployed in February, as compared  
with the same month in 1955, in-  
creased by 4,068 to a total of 50-  
117. Payrolls increased \$1,261,773  
to a total of \$14,507,772.

Compared with January, 1956,  
the February payrolls increased  
by 684 persons, but dropped  
\$27,414.

The decrease resulted from the  
fact that University of Illinois  
employees in Chicago on bi-weekly  
payrolls were paid three times in  
January, but only twice in  
February.

TO THE

ILLINOIS STATE EMPLOYMENT SERVICE

18-20 W. Poplar, Harrisburg, Illinois

Donna Reed and Glenn Ford anxiously but fearfully await a  
telephone call in this scene from MGM's "Ransom," to show at  
the Grand tonight and Saturday.

## Here's A Permanent Position With A Company That's Older Than You Are

Our Career Progression Plan means that you can  
earn promotions even while you learn the personal  
loan and finance business. We have several im-  
mediate openings for young men 20 - 30 years old. Liberal  
allowance paid for use of your car.

In addition to earning above-average salary, your  
benefits will include annual bonus, profit sharing plan,  
group insurance, vacation, and sick leave.

If this fits you, apply in person to Mr. Bill H.  
Brown.

## Social and Personal Items

**Miss Sherry Hensley To Wed Donald Chambers At Methodist Church**

Announcement is being made of the approaching marriage of Miss Sherry Lynne Hensley, daughter of Mrs. George G. Hensley, 315 North Webster, and the late George G. Hensley, to Donald R. Chambers, son of Mr. and Mrs. James E. Chambers Sr., 715 North Webster.

The wedding will take place Sunday, June 17, at 3 p. m. at the First Methodist church.

Don is at present attending aviation cadet school at Bryan, Texas, and upon graduation June 13 will receive his commission as a second lieutenant and his pilot's wings.

Friends of the family are invited to attend the wedding as no written invitations are being sent.

**First Baptist Winsome Class Holds Monthly Social**

The Winsome class of the First Baptist church met Thursday night at the home of Mrs. Glendel Rockwell on Harrisburg RFD 4 for the class social.

Following a short business session the teacher, Mrs. Joe Morman, gave the devotional which consisted of poems concerning family love.

Games were played and prizes won by Mrs. Rockwell, Mrs. Morman and Mrs. Ron Zeigler.

Refreshments of ice cream, cup cakes and Cokes were served to Mrs. George Howerton, Mrs. Ron Zeigler, Mrs. Joe Morman, Mrs. Betty Hancock, Mrs. Pat Gilley and Mrs. Rockwell.

**Euzelian Sunday School Class Meets At Cummins Home**

The Euzelian Sunday school class of the First Baptist church held its monthly party at the home of Mrs. Laura Cummins with Mrs. Josephine Wilson as assistant hostess.

After a short business meeting Mrs. Cummins was in charge of the program which opened with prayer by Mrs. Lena Rauh. Mrs. Cummins presented Mrs. Helen Taylor, a former member of the class, who gave the devotion on "Friendship and Kindness."

Games were played and prizes won by Mrs. Rauh, Mrs. Delma Childress and Mrs. Helen Taylor.

Refreshments were served by the hostesses to those mentioned and to the following: Mrs. Betty Franks, Mrs. Florence Slightom, Mrs. Mary Hall, Mrs. Lorene Caluffetti, and Miss Debra Sue Wilson.

Mr. and Mrs. Elmer Handley, 118 South McKinley, returned recently from Evansville, Ind., where they visited relatives.

**Announce Engagement of Former Galatia Resident**

**Miss Barbara Mosby**

Mr. and Mrs. Clyde V. Mosby of 605 North Bridge street, Carbondale, formerly of Galatia, announce the engagement of their daughter, Barbara, to George F. Heise. He is the son of Mr. and Mrs. George Heise of 1851 Pine street, Murphysboro.

Miss Mosby attended Galatia Community high school before moving to Carbondale, and is a graduate of Carbondale Community high school. She is presently employed as secretary to the Director of Libraries at Southern Illinois university.

Heise is a senior in the College of Liberal Arts and Sciences at Southern.

An early fall wedding is planned.

**First Baptist W. M. S. Has Royal Service Program At Educational Building**

The Woman's Missionary society of the First Baptist church met Thursday, May 17, for the regular Royal Service program. The meeting was held in the lower rooms of the educational building.

Mrs. Herman Davis, president, presided over the business session during which reports were given by the officers present.

The program, "Onward Christian Soldiers," was in charge of the Dorothy Lawton circle of which Mrs. Stella McNulty is chairman. The group sang "Onward Christian Soldiers" after which Mrs. Paul Hays led in prayer. The scripture Matthew 28:19-29 was repeated in unison.

Six women seated around a table with a poster placed in front of each showing the commission she represented presenting the program. Mrs. Corby Wickham told of the education commission; Mrs. Charles Mitchell, Brotherhood commission; Mrs. M. R. Williams, radio and TV commission; Mrs. Walter Wirth, seminary commission; Mrs. Clayton Humphrey, historical commission and Mrs. McNulty, Christian life commission.

The program was closed with prayer by Mrs. D. H. Hiller who prayed for all the work being done by these groups. After group singing of "Work for the Night is Coming" Mrs. L. I. Webb led in prayer for the missionaries on the prayer calendar.

During the circle count the attendance pin was awarded to the Dorothy Lawton circle.

The meeting was adjourned and a social hour in honor of new members was enjoyed by the forty one present. Punch and cake were served from a beautifully decorated table.

Eli Gee, 87 years old, collapsed late yesterday at the home of his son-in-law and daughter, Mr. and Mrs. Dave Evans, 833 West Parish street, and was taken to the Lightner hospital.

**EXECUTOR'S NOTICE**  
Estate of Katherine Siddall, Deceased.  
The undersigned, having been appointed executor of the Estate of Katherine Siddall, deceased, hereby gives notice that he will appear before the County Court of Saline County, at the Court House in Harrisburg, Illinois, on the 4th day of June, A. D. 1956, at which time all persons having claims against said Estate are notified and requested to attend for the purpose of having the same adjusted. All persons indebted to said Estate are requested to make immediate payment to the undersigned.  
Dated this 11th day of May, A. D. 1956.  
GEORGE M. ROBERTSON  
Executor.

## Card of Thanks

**YOUNGER**—We want to thank our friends and neighbors who were so thoughtful and kind during the illness and following the death of our mother, Mrs. Carrie Younger. The minister, Rev. Wm. Fuson, the choir, organist, Lodema Sisk, the Gibbons funeral directors, all who sent flowers or cards, the pallbearers, and all who helped in any way have our thanks. Again we say "Thank You."  
The Family.

**HARRY**—We acknowledge with grateful appreciation the many kindnesses, messages of love and understanding, and beautiful floral offerings from our many relatives, friends and fellow workers, tendered following the sudden death of our wife and mother, Mrs. Eva Harry. We thank our church friends, the funeral home, neighbors, relatives and friends who have meant so much to us in these days of sorrow.  
William Harry and family.

## Michigan Officials Appeal to Federal Gov't Due to Unemployment

LANSING, Mich. (AP) — Gov. G. Mennen Williams and Mayor Albert E. Cobo of Detroit launched a double-barrelled attack today against growing unemployment in Michigan.

Both leaders appealed to the federal government to declare Detroit and five other Michigan cities labor surplus areas, making

them eligible for special defense contracts. The two officials blamed declining auto production with its subsequent layoffs for the fall in employment.

The average lifetime of motor vehicles has doubled since 1930 and their average mileage has tripled. Cars and trucks junked today average 13.8 years with an average mileage of 122,000.

## Truman is Given Rousing Welcome On Visit to Rome

ROME (AP) — Former President Harry S. Truman was given a rousing welcome in Rome today.

A crowd of 400 gathered at the railroad station to welcome Mr. and Mrs. Truman on their arrival from Paris. Shouts of "We want Harry" and "Viva Truman" greeted the former U. S. president as he started to step from the train.

Mr. Truman, wearing dark glasses and a brown hat, started to step to the platform, but took a look at the crowd and retreated back into his car.

U. S. Charge D'Affairs John D. Jernegan, acting in the absence of ailing Ambassador Clare Boothe Luce, and Alberto Tarchiani, first postwar Italian ambassador to Washington, gave the Trumans an official welcome aboard the train.

With police struggling to clear a path through the jostling crowd, Mr. Truman reappeared, this time wearing his regular glasses and a gray hat.

Mr. Truman told a hurried press conference he favors appointment of an American diplomatic representative to the Vatican.

"I'm a good Baptist," he said, "but I think it would help the peace of the world."

## Outboard Motorboat Club Formed at Meeting Wednesday

An outboard motorboat club was formed Wednesday night at the Gallatin county court house with about 35 interested persons present from Saline and Gallatin county.

A committee was appointed to formulate by-laws, patterned after the by-laws of the National Outboard club.

Plans are to have docks and buildings at Shawneetown for members of the club.

The Boston (now Milwaukee) Braves are the only National League baseball team the New York Yankees never have faced in World Series competition.

## Ridgway High School Notes

### COMMENCEMENT EXERCISES MAY 29

Commencement exercises at Ridgway high school will be held Tuesday, May 29, starting at 8 p. m. Principal James O. Austin, has announced.

The program will be held in the old gymnasium, with Dr. Paul Hunsinger, Southern Illinois university, the speaker.

Baccalaureate services will be held Sunday, May 27, starting at 8 p. m. and the annual Honors Day program is scheduled for 9 a. m. Tuesday, May 29, Mr. Austin said.

### THREE NEW TEACHERS FOR NEXT YEAR

There will be three new faculty members next term at Ridgway high school. Mr. Austin has announced Mrs. Neva Nel Ramsey will teach home economics. Mrs. Donald Cook will teach in the English department and Bill Wood will be science instructor.

Mrs. Ramsey fills the vacancy caused by the resignation of Mrs. Helen Walker, who has taught home economics at Ridgway for the past two years. Mrs. Ramsey, a resident of the Ridgway school district, received her degree in De-

cember and is teaching this semester in the Equality high school.

Mr. Wood, who retired from teaching a few years ago, is returning to the teaching profession and succeeds Glen Routree, who has resigned.

Mrs. Cook has been teaching at Asbury school, a part of the North Gallatin County unit system. The school will be closed at the end of this term and Mrs. Cook is being assigned to the Ridgway high school English department.

### CHANGES IN ELEMENTARY UNIT

There are other changes in elementary schools in the unit, of which the Ridgway schools are a part, with Mr. Austin superintendent of the system.

Gaines Bayley, principal at New Haven has resigned and Bob Stein-

brook will fill the vacancy. Mr. Steinbrook is teaching at Old Shawneetown this term.

Also at New Haven there are vacancies for a first and seventh grade instructor.

Mrs. Winna Jean Pyle, first grade teacher, resigned to accept a teaching position at Carmi.

Increased enrollment makes it necessary to divide the seventh and eighth grades and a teacher for the newly created separate seventh grade is needed, Mr. Austin stated today.

First treaty between the United States and an Indian tribe was negotiated with the Delaware tribe on Sept. 17, 1778.

Three of every four traffic accidents occur in clear weather and on dry pavement.

## Sure starts a lot of Torque -

Buick Super 6-Door Riviera, Model 568

## even before you Switch the Pitch

**T**ORQUE is for take-off—and there's plenty of it here.

You just apply a puny bit of pressure on the pedal—and you're off and away. Never has such quick acceleration been so smooth.

It's the newest step-up in Variable Pitch Dynaflo\*—and it gives a double-barreled thrill.

First, it delivers a record amount of torque to turn those rear wheels—even before you switch the pitch. You splurge on pickup while saving on gas.

The second is for real zoom service. Just put your foot down—and there you have it. You switch the pitch and Dynaflo serves up a dazzling burst of extra power to cut seconds off your passing—and add new safety to it.

But there's a lot more than torque to talk about.

There's Buick styling. Its flair and sweep alone have started many a conversation. On lines that are daring, but not reckless. On colors and interiors that are gay and stunning, but never garish.

And there's the Buick ride. Unlike any other. Softer, yet steadier. Cradling you in rubber-bubble comfort—leveling with you on every twist and turn.

A whole group of unseen marvels screen you from the harsh realities of the road. Including a new front-end geometry—new deep-oil-cushioned shock absorbers—new deep-coil springs on all four wheels. And there are new stabilizers and a new torque tube, to snub out any swing or sway.

In short, there's so much excitement from stem to stern—in any Buick you can buy—that Buick owners have a whale of a lot to talk about.

So why not take a Buick out on the road yourself, so you'll know what all the talk's about? Don't say you can't afford it until you hear us talk price. We're ready whenever you are.

"Remember There is No Substitute for Quality"

ficers and county board members to follow, was passed. Also passed was a motion by Vernon Smith, Harrisburg, which said that no claims would be paid unless okayed by the claims committee and passed upon by the board as a whole. This came after it was brought up that some claims are paid before the claims committee has a chance to look them over.

Finally, a resolution by William Alfred Smith was approved. It called for notification of all county elective officers to adhere strictly to the appropriations ordinance relative to payment of salaries in their offices.

Regarding the county clerk, Coker said that there were evidences that checks for extra clerk hire were drawn in large amounts. As an example, he said, one check stub showed \$1,400 for seven months of oil work.

Although this could be legitimate, he said, it is irregular. Checks should be drawn as the people earn the money, in regular amounts, he stated.

**Need Procedure to Pay Bills**  
The question of a resolution which set Garrison's salary at a definite amount was brought up and several said they had found no such ordinance. Atty. Choiser was one who said he knew of no resolution setting up the salaries.

Coker said that in going over minutes of board meetings, he found that some were sketchy and it sometimes was difficult to determine the official action of the board.

"You need to work on a procedure for paying bills, setting up salaries and on how these salaries should be paid," he declared. "You've got to establish a control so you will know that checks actually written are for the claims you have approved. The way things are set up now you cannot be certain."

He also told the board that they should not overspend on appropriations. The total appropriation approved cannot be increased, he said. However, the board can transfer from one fund to another when more money is needed in a specific account.

**Former Teacher Elected President Of Woman's Clubs**

KANSAS CITY, Mo. (CP)—Mrs. R. I. C. Prout of Wakefield, Mich., a veteran of 19 years on the board of directors, becomes president of the General Federation of Women's Clubs tonight.

Mrs. Prout, a former school teacher, was unopposed for the high office in balloting at the organization's 65th annual convention Thursday. She will be installed tonight as the successor to Mrs. Theodore S. Chapman of Jerseyville, Ill.

Mrs. Prout, wife of a physician at Wakefield, has made club work her career. Her special interests have been in community service, adult education, international affairs and in promotion of junior activities.

She was a teacher at Ripon College before her marriage and is an accomplished organist and choir director.

The women adopted 14 resolutions Thursday ranging from opening the United Nations General Assembly with a prayer to more humane slaughter of animals by packing houses.

The resolution, an "emergency" measure, called for continued support for the Crusade for Freedom. Another called for adoption of uniform marriage and divorce laws by the states.

A large refinery can process enough wax in one day to coat 6, 110,000 milk cartons.

## Thinking It Over

By Robert L. Dieffenbacher, D. D.  
Written for NEA Service  
Americans like to think that they are well organized in their living habits. They carefully study their diets. They eat certain foods in the morning, at noon and in the evening. They count their calories, check their proteins, include certain vitamins, vary their minerals and have their share of carbohydrates.

These systematic people wear certain clothes for business, for church, for entertainment and for relaxation. They read acceptable books and regularly buy the same daily paper.

Yes, we are a systematic nation in some respects, but when our spiritual lives are involved we act quite differently. We go to church as the occasion moves us. We pray when it is convenient, and serve others when we have nothing better to do.

Of course some millions are systematic in their spiritual activities, but many more are erratic in their

relationship to God and His programs. In an emergency they pray, but when the going is normal they do not know what to say in their prayers.

Why should it be so difficult to thank God for the things we have? Why could we not easily pray for guidance in everyday living? Is it so hard to ask God's blessing on our friends and even on those who disagree with us?

Total combined stocks of corn and small grains on farms and at all other points in South Dakota were 13 per cent smaller Jan. 1, 1956 than a year earlier.

Purchases 4-Way Cafe

Miss Freda Siddens, who has been employed as manager of the 4-Way cafe for five months, became the owner of the cafe this week. With the business now in her complete charge, Miss Siddens plans to resume serving Sunday meals and has arranged for parking at the south side of the building. Heretofore C. D. Fritch, who operates the Martin service station, has had the place under lease.

## Coal Belt Team To Play Benton

The Coal Belt league, baseball organization for teenage players, will open its schedule Sunday, May 20.

Harrisburg will open at home, entertaining Benton, with "play ball" time 2 p. m.

All home games for the Harris-

burg entry will be played on the new diamond across from the fair grounds.

It had been planned to open the season under the lights Saturday night but transformers necessary for the lighting system have not arrived and the first night play will have to be later.

It has been announced that the battery for Harrisburg will probably be Jack Nolan, Shawneetown, and Sterling Cowger, Carrier Mills.

## 900 Athletes To Begin State Track Finals

CHAMPAIGN, Ill. (AP) — Some 900 schoolboy athletes squared off today in the annual three-ringed circus of Illinois spring sports.

At stake were the state prep track, tennis and golf titles. Northern Illinois entries were favored in all three sports.

Bloom Township of Chicago Heights, which qualified 11 men for the finals, was the team to beat for the track crown.

The track title has gone to a team from Chicago or its suburbs in all but three years since 1925. But if Bloom should win, it would be the first crown for the Chicago Heights school.

Others regarded as serious challengers for the 1956 laurels were Chicago Phillips, Aurora East, New Trier, Maine and Evanston.

Attention will focus on the mile run, where DeKalb's Jim Bowers may threaten the state mark of 4:23.1 set in 1947. Bowers qualified for the finals with a 4:23.4 in the district meet.

**Four To Test Bowers**

Competing against Bowers will be Hinsdale's Dave Hohl, who turned in a 4:33.8 in the district; Jim Kastner of Oak Park, who registered 4:35; Kankakee's Bob Bagwell, at 4:35.9; and Fred Sandoval of East Moline. Bagwell finished second and Sandoval fourth in 1955.

Another top event should be the 100-yard low hurdles. Entrants here include Willie Martin of Chicago Phillips, who set the state record of :19.2 last year, and Maine's Hubert Hommer, who matched Martin's mark in district competition.

A close race loomed in the 100-yard dash, the leading qualifier being Bob Schindler of East Aurora who was timed in :09.7. Al Tinsley of Wheaton and Lane Patterson of Glenbard both registered :09.8. The record, set by Phillips' Jim Golliday in 1950, is :09.6.

Mike Smith of Freeport set himself up as favorite in the 880-yard run on the basis of a 1:57.6 performance in the district, just a second off the record. Dick Pond of Glenbard had the second best time in the district, at 1:59.

Between 600 and 650 youths who qualified in district competition last week were entered in the track and field finals. There were 200 more in the golf events, and 96 in tennis.

## Fight Results

By United Press  
PHILADELPHIA—Artie Towne, 166½, New York, outpointed Charles Chase, 171, Montreal (10).

HOUSTON, Tex. — Paul Jorgensen, 130, Houston, Tex., outpointed Lulu Perez, 129, Brooklyn N. Y. (10).

RICHMOND, Calif. — Eli Scott, 119½, San Francisco, outpointed Nick Lopez, 120, Honolulu (10).

## Wayne City Trips Carrier Mills, 9-4, in Final

Wayne City defeated Carrier Mills, 9 to 4, here yesterday afternoon for the prep district baseball championship and will meet the Du Quoin winner Tuesday afternoon in the first sectional game at Du Quoin. The game was played at the VFW park here.

Both teams got seven hits, but Carrier Mills made six errors to three for the Wayne City nine.

Overchurn hurled all the way for Wayne City with Talbot catching. Coach Claude Shelton of Carrier Mills used Cowger, R. G. Absher and Evans on the mound with Collins behind the plate.

Big blow of the game was a home run by Leon Evans of Carrier Mills.

Wayne City got off to an early lead, scoring four runs the first inning on two hits. Carrier Mills, in the same frame, made two on two hits, but the Wayne county boys made it 6-2 in the third. They increased the lead to 8-2 by scoring two more in the sixth and 9-2 by making another in the seventh. Carrier Mills made two runs on two hits in the last of the seventh.

## Spahn Wins Third Straight As Braves Beat Giants; Boyer Sparks Cardinal Win

By United Press  
Southpaw Warren Spahn of Milwaukee insists he will "settle for nothing less than 20 victories this year" and that comes as distinct pennant news to the Braves, who have been forced to settle for a back seat since 1948.

Spahn kept the Braves atop the National League by defeating the Giants, 7-3, Thursday night for his third straight triumph. And he did it in style, too, yielding eight hits and no walks while striking out five, collecting two hits himself and stealing a base.

"I've got my change-up back this year," he said, following the victory, "and my fast ball is more alive than it has been in two years. I missed winning 20 last year but I will settle for nothing less this year."

**Gives Up Homer**

Spahn weakened slightly and gave up a two-run homer to Don Mueller in the ninth but the Braves already had clinched the game with a four-run burst in the seventh when they routed Ruben Gomez with three singles, Ed Mathews' double and a 440-foot triple by Hank Aaron. Del Crandall homered for Milwaukee in the fourth.

The Braves, aiming for their first pennant in eight years, thus remained 27 percentage points ahead of the second place St. Louis Cardinals, who defeated the Philadelphia Phillies, 5-4.

Third baseman Kenny Boyer and 41-year-old reliever Ellis Brubaker were the Cardinal standouts. Boyer collected four hits and increased his batting average to

## Increased Support May Send Bobo Olson Into Ring as Favorite Over Robinson

LOS ANGELES — The weather and the betting are unsettled for tonight's return middleweight title fight between Sugar Ray Robinson and Carl (Bobo) Olson at Wrigley Field.

From Uncle Sam's bureau came the forecast of "cool, with possible light sprinkles."

And from the Derby Club at Las Vegas, Nev., came news of increased support for Olson that might cause a late switch and send the baldish ex-champ into the ring favored to recapture the 160-pound crown.

"Our man-to-man price favoring Robinson has just dropped from 13-10 to 12-10," said a spokesman at the Derby Club. "And some of our friends in the East are quoting even money. Olson may be favored at ring time."

**Show Must Go On**

Thirty-five-year-old Robinson of New York and 27-year-old Olson of San Francisco will start their nationally televised and broadcast 15-rounder at 10 p. m. EDT even if old Jupe Pluvius should be drenching the ballpark of the Los Angeles Angels. The sponsors paid \$100,000 for the TV-radio rights, and the show must go on, according to the promoters. The ring will be protected by a canvas canopy.

Although Olson is a three-time loser to Sugar Ray in their trio of previous fights, he is robustly supported for this one because many boxing men believe champion Robinson's ancient legs will tire badly if the bout lasts more than seven rounds.

Aggressive Bobo, who sets a blistering pace, was favored at 3-1 at Chicago Stadium last Dec. 9 because of his youth and stamina and because Robinson had not been impressive while winning five of his previous comeback bouts. But Sugar Ray cut loose

with a burst of head-punches that knocked out Bobo at 2:51 of the second round and made Robinson the first man in ring history to recapture the middleweight crown twice.

**Quits Ring Retirement**

Sugar Ray, when welterweight ruler in February, 1951, wrested the middleweight crown from Ja LaMotta; but he lost it to Randy Turpin of England in July '51 and won it back from Turpin in Sept. '51. He gave up the title in '52 after collapsing in the 14th round of his attempt to win the light-heavyweight crown from Joey Maxim. He remained in retirement two years.

## White Sox Seek Deals with A's For Ditmar

NEW YORK — The Chicago White Sox have wrapped up "an attractive package" and offered it to the Kansas City Athletics for pitcher Art Ditmar, it was learned today.

The latest offer for the 27-year-old Kansas City right-hander who posted a 12-12 record last year follows a previous one in which the White Sox were willing to turn over such players as pitchers Harry Byrd and Connie Johnson and infielder Sam Esposito.

Chicago has decided to "sweeten the pot" in an all-out effort to land Ditmar, for whom the White Sox first began negotiations this spring.

The White Sox desire to deal for Ditmar intensified recently when Chicago's negotiations with the Yankees hit a snag.

Here's how this topsy-turvy trading business works:

First, the Yankees inquired about White Sox right-hander Dick Donovan, a 15-game winner last season.

The White Sox said, sure, all they wanted in return was third baseman Andy Carey, pitcher Johnny Kucks and Ralph Terry, a promising right-hander now pitching for the Yankees' Denver farm in the American Association.

That proposal cooled the Yankees off in a hurry. They offered pitcher Tom Morgan and a couple of lesser lights, instead.

**Lane Isn't Through Yet**

The White Sox said "nothing doing" to that one and an entirely different deal was broached. Then the Yankees lost interest. So the White Sox now have turned in the direction of Kansas City with a particular eye on Ditmar, who already has won three games this season.

Kansas City reportedly is listening although the Athletics have no intention of parting with Ditmar cheaply.

Meanwhile, fiery Frank Lane of the Cardinals, the busiest trader of them all, announced in Springfield, Ill., Thursday night that he might not be through dealing yet.

"If the team doesn't come up to expectations soon," he said, "more trades can be expected."

Basketball originated in Springfield, Mass., in 1891.

**"SOME BARGAINS DEAR BOUGHT"**

To look for a bargain is understandable, but to try to buy prescriptions at cut prices is unwise. Real bargains can only be offered because of large purchases, or to get rid of slow moving merchandise.

Medicines cannot be safely bought in large quantities because they must be fresh and potent when you take them. Slow moving medicines that have lost their freshness cannot be sold. We discard them.

We price our prescriptions according to a schedule that is based on the exact cost plus the necessary fair profit we must have to operate a good prescription pharmacy. Using this method, we have no reason to give you anything but exactly what your physician specifies.

**YOUR PHYSICIAN CAN PHONE 177 WHEN YOU NEED A MEDICINE**

Pick up your prescription if shopping near us. A great many people entrust us with the responsibility of filling their prescriptions. May we compound yours?
